AN ORDERLY SESSION HELD

NO CLASHES OF PARTY LEADERS IN HOUSE.

Entire Session Devoted to Consideration of Naval Appropriation Bill—Many Favor Conservative Program for Fiscal Year.

Washington, April 10.—The dove of peace hovered over the house to day. Instead of intemperate roll calls and clashes of party leaders on questions of parliamentary law there was an orderly session, devoted almost entirely to consideration of the naval appropriation bill.

Both Chairman Foss (Ill.), and Paddgett (Tenn.), of the committee on naval affairs, made exhaustive speeches justifying the action of the committee in reporting what they characterized as a conservative naval program for the fiscal year.

Favoret (La.), McKinley and Knowlton (Calif.), pleaded for a navy of such size as to be capable of upholding at all times the honor of the country at home and abroad, while Bartholdt (Mo.), advocated a halt in naval increase and substitution for it of arbitration in international disputes.

Many other speeches were made the order of general debate on the navy bill, but they were on other subjects. The list included Webb (N. C.), who favored regulation of interstate traffic in intoxicating liquors; La Mar (Mo.), who wanted a stricter Sunday observance law for the District of Columbia; Touvelle (Ohio), pleaded for monument to men under General's St. Claire and Wayne, who fell in the battle against Indians; Perkins (N. Y.), who desired free wood pulp; Kustermaun (Wis.), who emphasized the necessity for decent American legation buildings abroad; Aiken (S. C.), who pleaded for refund of the cotton tax.

Consideration of the naval bill had not been concluded when the house recessed until to-morrow.

Oppose Aldrich Bill.
There were four representatives of large commercial interests before the house committee on banking and currency, all opposing the Aldrich currency bill, which they declared would do no good and might result in much harm to the business interests of the country. Victor Morawetz made an extended argument against the bill. Other speakers were E. W. Clark of Detroit, Frank De La Lanza of Philadelphia, and Horace White of New York. The hearing will be resumed Monday.

Exemption Bill.
A bill to exempt labor unions and granges from operation of the Sherman anti-trust law, as interpreted recently by the United States supreme court in connection with the latter's case, was introduced in the house to day by Wilson (Pa.). It provides "nothing in said act is intended nor shall any provision thereof hereafter be enforced so as to apply to organizations or associations not for profit and without capital stock, nor to members of such organizations or associations, nor to any arrangements, agreements or combinations among persons engaged in agriculture or horticulture, made with view of enhancing the prices of their own agricultural or horticultural product."

No Political Action.
An army order to day contains prohibition against political action on the part of classified civil service employees and also against contribution of solicitation campaign funds. The order is based on a direction by the president to Secretary Taft enclosing a communication from the civil service commission, setting forth regulations on the subject.

May Send Special Message.
President Roosevelt's known desire that the building of four battleships shall be authorized by congress during the present session, may result in sending in of a special message, urging that action. It was stated at the White house to day that while no message on the subject is in course of preparation the determination as to whether it would or would not be has not yet been reached.

BOYS SUFFOCATED.
Chicago, April 10.—Carl Hedfeldt and Earl Gustavson, cousins, each 11 years old, were suffocated by the caving in of a dugout in which they were "playing Indian" at Sheridan road, near Waveland avenue to day. The bodies were recovered by members of a fire engine company.

New York, April 10.—The Progressive Democratic party, composed of men who favor Bryan for the Democratic presidential nomination, met to day and appointed a committee to further Bryan's interests at the Democratic state convention next Tuesday. Speeches were made praising the Nebraskaan and the statement by William Harmon Black that "there is no feeling of antagonism to Bryan in Tammy Hall," evoked applause. It was decided to change the name of the organization to the Bryan Progressive league.

Oklahoma City, April 10.—Judge Pollock in the United States circuit court to night sentenced C. R. Billingsly, former president of the Capital National bank in Guthrie, to seven years and five months in the federal prison at Leavenworth.

Billingsly was convicted on charge of misappropriation of bank funds and Hayes for falsifying reports to the comptroller of currency.

COMRADE FATALY SHOT.

Danville, Ill., April 10.—While attempting to arrest one of two burglars whom he and his partner officer, George Johnson, had discovered attempting to enter the Ellsworth saloon, Officer August Lind was fatally shot at 2 o'clock Thursday morning. Johnson, instead of attempting to assist his brother officer, who called to him to "shoot the fellows" as he fell, ran to the police station, breathlessly telling the officers that Lind had been shot.

Before the officers could leave the station Lind staggered in and fell fainting to the floor. The burglars escaped, leaving no clue. The city council offered \$500 reward for the man who did the shooting.

"BRIGAND REPUBLIC."

Venezuela so Described by London Newspaper.

London, April 10.—The Graphic in an editorial describing Venezuela as a "brigand republic," outside the pale of civilization, demands the government to recall the British minister at Caracas and resort to reprisals. "It is not consistent with this country's dignity," says the Graphic, "to continue ostensibly friendly relations with a government that is engaged in robbing British subjects and offensively mocking their flag."

TROUBLE ADJUSTED.

St. Paul, Minn., April 10.—Receivers of the Great Western railroad today announced the controversy between the road and trainmen was amicably adjusted and that the intervention of the Inter-state commerce commission is unnecessary. The controversy was over the conditions of labor, principally as regards payment for time consumed in delays. The men have worked together to reduce the number of delays that receivers considered unnecessary, and the latter have receded from their plan to revise the working rules and former conditions of labor will continue.

MPFARLAND AND BRITT.

San Francisco, April 10.—Packey McFarland and Jimmy Britt, who will meet tomorrow afternoon at the Colma Open Air Arena in a 20 round contest, ended their training to day and both were pronounced by physicians to be in good condition to battle for lightweight honors. REDUCED RATES.

Sioux Falls, S. D., April 10.—The state board of railroad commissioners to day entered reductions in freight rates in western South Dakota ranging from 10 to 43 per cent. The greatest reductions are made on immigrants' goods and groceries. It is believed railroad companies will accept the judgment of the board and put reduced rates into effect at once.

EARTHQUAKE SHOCKS.

Monterey, Mexico, April 10.—Telegrams from Mier and Noriega say several distinct earthquake shocks were felt in those neighborhoods Wednesday, followed by shocks yesterday. Owing to the severity of the shocks great alarm was felt by residents, many of whom fled from their homes to other towns.

SHOW LITTLE IMPROVEMENT

WEEK'S TRADE DEVELOPMENTS SOME BETTER.

Retail Business Stimulated by Approach of Easter—Southwest and Northwest Send in Best Reports—Dun's Report.

New York, April 10.—Bradstreet says: Though irregular the week's developments have been in the direction of improvement. The approach of Easter has stimulated retail trade in some lines and sections, with sympathetic effect on some jobbing business and slight gain in collections. The southwest and northwest send the best reports, while southern advices are little more satisfactory as a whole. So far early crop and soil conditions are better than a year ago. Lower prices of cottons have brought in some buying of specialties, but men's woolsens and winter wear hosiery show little gain. Strength in sole leather continues and hides are slightly higher. There is little new in the iron and steel industry. Seasonable goods, such as wire, nails and tin plate, are in demand, but heavier makes are no more active.

Failures for the week were 258, against 194 the same week in 1907. Canadian failures 28, against 28 this week a year ago.

Wheat, including flour, exports, 2,451,000 bushels, against 1,831,000 this week last year; for forty-one weeks of fiscal year to date 171,910,000, against 135,883,000 in 1906-07.

Corn exports 546,000 bushels, against 1,476,000 in 1907; for fiscal year to date 42,951,000, against 56,061,000 in 1906-07.

Dun's Report.

Commercial conditions show little alteration, gains of the first quarter being maintained, but further progress is extremely slow. The weather has favored retail trade in seasonable wearing apparel at most points and the outlook for future business is brighter because of almost unanimous reports of satisfactory crop prospects. Manufacturing returns are conflicting, several mills and factories resuming, while some others curtailed operations and the rate of pig iron production at the opening of April was smaller than on March 1 to the extent of 2,000 tons weekly. Textile and footwear factories throughout New England proceed cautiously because of the small orders being placed for future delivery. Tin plates lead in activity, almost the full capacity of mills being operated, and there is also a good movement of wire products and other agricultural supplies. Although a better demand is noted in many sections of cotton goods industry, prices offered are usually unsatisfactory and mills need still cheaper raw material if business is to be done at a profit. In men's wear of woolsens turn is better spot demand, but in many cases mills cannot make deliveries with requisite celerity. Shoe shops receive a steady call for tan goods, but business in staple foot wear is light and many producers are taking stock.

PURCHASE NOT VALID.

Lincoln, Neb., April 10.—Dr. E. C. Spinney of Chicago, must pay back \$7,800 received from the Iron Chain, a Minnesota organization, so declares the supreme court in a decision rendered to day. Spinney is at the head of the fraternal society of the Bankers' Union. This organization took over the Iron Chain in 1901. At that time the home office of the Bankers' Union was located at Omaha. The Nebraska court hold purchase of the Minnesota society was not valid. Suit was started by S. G. Starr, receiver for the Iron Chain.

SET FIRE TO CELL

Sheriff and Deputies Badly Burned While Trying to Subdue Maniac.

Akron, Ohio, April 10.—Fighting with a mad man who had set fire to the padded cell in the county jail, Sheriff Stein and two deputies were seriously burned to day, while the maniac was so badly injured he will die. Four prisoners were overcome by smoke.

Joseph Pessonsan, aged 30, a tailor, set fire to the upholstering of the cell. Stein and the deputies found the maddened tailor dancing amid flames and smoke. They grabbed the tailor, who fought with fury. He was finally bound and sent to the city hospital, where he is dying from his injuries. Nearly all the clothing was burned from his body.

While the sheriff and deputies were struggling with Pessonsan, twenty-five prisoners in the main prison were near suffocation from smoke. Four sank unconscious to the floor. The jailor was about to release all prisoners when the deputies got the fire under control.

Interior walls of the building were damaged to the extent of \$500. School has been dismissed until the wall shall have been cleaned and made presentable.

FOR HUGHES

Governor Will Be Endorsed by New York Republicans at Convention To Day.

New York, April 10.—Indications to night are that Governor Hughes will be endorsed for the presidential nomination by to-morrow's Republican convention without opposition. William L. Ward, national committeeman from this state, made the statement that Taft will be nominated in Chicago on the first ballot and in the election would carry New York by a large majority. Ward said to night delegates from Westchester county would caucus the morning before the convention on what stand they would take in the convention. The Westchester congressional district convention yesterday selected two delegates to the Chicago convention instructed for Taft.

The saloons were closed and a large number of special officers are on duty.

HOUSE WENT INTO RIVER.

Loosened by rains last night the bank for a distance of 100 feet slipped into the river, carrying the house with it.

LOST HIS LIFE.

Sulphur Springs, Ark., April 10.—As the result of a wager Ed H. Gal-lowsay of New York city, a noted athlete, lost his life here to day in Butler creek in the presence of hundreds of spectators, who had gathered to watch his sensational attempt to ride the dam in a frail row boat. The rower went over the falls and was thrown into the rapids and was swallowed up in the raging torrent, from which the body has not been recovered.

PROTEST MADE.

Missouri Valley, Iowa, April 10.—Five hundred railroad men from all branches of the service at a mass meeting here to night adopted resolutions protesting against further reduction of railroad rates. The resolutions say the loss must eventually fall on railroad employees. The resolutions are addressed particularly to the Nebraska railroad commission and a committee was appointed to present the commissioners a copy.

AN UNPLEDGED DELEGATION

MASSACHUSETTS REPUBLICANS AGREE ON COMPROMISE.

Majority of Convention Favors Taft, But Think It Unwise to Adopt Resolutions of Preference—Contest Over Alternates.

Boston, April 11.—The four men who will head the Massachusetts delegation to the Republican national convention will go to Chicago unpledged. The four delegates elected at the state convention to day are Senators Lodge and Crane, Ex-Secretary of Navy John D. Long, and Sidney O. Hickey, a business man. The convention adopted resolutions endorsing Governor Guild, Jr., as a candidate for the vice presidency and advocating a "wise revision of the tariff."

On the question of the presidential candidacy of Taft, the platform held the convention "recognized that a majority of the delegates to the convention desired his nomination, but that it was uncertain whether a resolution of preference would be carried and its presentation would only lead to a contest, which would be injurious to the welfare of the party."

This last named plank, the adoption of which was a feature of the convention, as admitted by all party leaders a compromise. It was submitted to the committee on resolutions this morning by the Taft league, after an all night session. The compromise was effected when leaders of the unpledged cause admitted a majority of delegates to the state convention favored Taft and leaders agreed a resolution expressing a desire instead of preference for his nomination would be satisfactory.

There was a lively contest on the selection of four alternates. After Speaker John H. Cole, of the Massachusetts house had presented the names of four well known men, a colored delegate nominated Charles W. M. Williams, of Boston, another colored man. This nomination was followed immediately by that of Dr. Samuel E. Courtney, of Boston, also colored. Williams was charged by speakers with being a bitter antagonist of Taft and President Roosevelt, and Courtney with having run for school committeeman on the Democratic ticket. The votes showed Williams led Courtney, but that the convention desired neither and the Cole ticket was selected.

Postmaster General Meyer was permanent chairman and made a speech.

POLICE MAKE BIG RAID.

Chicago Houses Raided and 400 Prisoners Taken.

Chicago, April 10.—More than 100 prisoners were captured and twelve houses raided when Inspector McGann, with a large detail of police, started to clean up the district surrounding the Des Plaines street police station on the west side.

Armed with orders to sweep the district clean, the police started the raids at 7 o'clock this morning and in less than an hour fifteen wagon loads of prisoners had been sent to the station. In several houses inmates fought the officers desperately and it was necessary to club them into submission.

Pandemonium reigned in Peoria and Sangamon streets when the police made their appearance. When and women rushed into the streets and alleys half clad, staggering under the influence of cocaine, opium or other drugs. Many fought and scratched like fends to escape arrest. Charges of vagrancy and disorderly conduct will be made against them.

TO STOP CANNIBALISM.

Paris, April 10.—France and Portugal have closed an agreement to exterminate cannibalism in Guinea. LABOR QUESTION

Discussed by Secretary Taft in Speech at Louisville Yesterday.

Louisville, Ky., April 10.—Secretary Taft ended an eventful and busy five hours in Louisville by a speech to night in which he discussed political question. On the labor question Taft said:

"Laboring men are beginning to see that they have a vital interest in maintaining laws protecting the security of capital and private property, but when it comes to deciding how joint profits of capital and labor shall be divided we find a direct clash between parties with opposing and equal interest. The union and strike are necessary and lawful instruments for protection of rights of labor, but labor and capital fully organized are conflicting forces of a tremendous power and unnamed, unclassified man sought between them should be the object of special care at the hands of the law. This citizen especially needs laws which should be instantly enforced against violence on one hand and corruption and oppression on the other."

ALL ARE OPTIMISTIC.

Business Situation and Anti-Trust Legislation the Topic.

Philadelphia, April 10.—Industrial Sociological and Political problems were discussed at length here to day at the annual session of the American Academy of Political and Social Science by men prominent in various walks of life. Schieffelin, vice president of the National association of Wholesale Druggists of New York; leaders Strauss and George L. Duval, of New York, and Theodore Marburg, of Baltimore. All the speakers were optimistic as to the financial and business outlook.

Gompers spoke especially of benefits organization had been to the workmen, while Neill opposed unrestrained competition, declaring every sweat-shop was the legitimate product of competition and reduction of wages was also the result of competition.

AN UNUSUAL AGREEMENT

MUST SUPPORT CHILDREN OF TWO WIVES.

Decatur Man Convicted of Bigamy Escapes Prison Sentence—First Wife Makes Protest to Any Such Plan of Court.

New York, April 10.—Although convicted of bigamy, Michael Briefer, a business man of Decatur, Ill., will not have to serve a prison sentence if he carries out the agreement entered into with Judge Foster in the court of general sessions to day. The Agreement was made in spite of protests by Briefer's first wife, who through her counsel decided any such plan was illegal and would be putting a premium on bigamy.

By terms of the agreement, Briefer will be obliged to contribute to the support of three children by his first marriage and one by his second. He furnished bonds to secure the carrying out of the agreement on his part. In suspending sentence Foster said: "I do this as the most practical, quickest and most common sense method of securing maintenance for these children. This plan has caused a great deal of comment, as undeserved as it was unexpected, but the district attorney and I are of accord in the matter. You will be paroled in custody of the prison association and to be sent for and will be sent for by the court any time within five years by this court and punished if you do not conduct yourself as a man."

WANTED DOG TO DINE AT TABLE

Three Young Men at Restaurant Would Have Canine Be One at the Table—Proprietor Orders Dog and Men From the Building.

Perhaps at no other place does a person show his breeding more than at meal time. A characteristic of civilization portrays itself in the fact that parents take great delight in teaching their children good manners at the table. While our ancestors were not accustomed to the many good things which surround the festal board of to day, yet they took a keen interest in rearing their children along principles of courtesy and good behavior.

An episode, which savored of ill breeding was witnessed at noon time yesterday at Wooster's restaurant. Three young men, evidently from the rural regions dropped into dined, bringing with them a dog of friendly disposition. After the viands had been set before the young men they gave the dog an invitation to dine also. The canine was given a seat and had no sooner begun to lick a morsel from the plate, when the proprietor intervened and ordered the young men to put the dog out. Words were hastily exchanged which were finally ended in the proprietor ordering them to leave the dining room. With much reluctance and some further ranting, the young men joined their canine friend in making a hasty exit.

ABRAHAM LINCOLN

HIS CHARACTER AND LIFE

Eloquent Address by Hon. Edward Yates of Pittsfield Before the Forum Society of the High School.

The auditorium of the high school building presented a beautiful appearance Friday evening on the occasion of the address by Hon. Edward Yates of Pittsfield on the character and life work of Abraham Lincoln. All about the stage were hung beautiful flags, while about the spacious apartment the national colors were festooned, giving for the young people especially lessons in patriotism and loyalty. The society had fortunately secured the services of the eloquent speaker and not wishing to be selfish had invited the public to enjoy the rare treat with them. The most inspiring spectacle of the whole occasion was the presence of a large number of veterans of the rebellion. Special seats of honor on stage had been reserved for them, and as each one appeared at the door he was escorted to the library, where in due time, came the attendants on the regular post meeting. Each veteran was met by a committee of bright young ladies who pinned on his coat a beautiful rose and then each was personally presented to the speaker of the evening before the formal program began and as they filed on the stage they were greeted with hearty applause by the audience.

By request S. W. Nichols presided, and called on Rev. Jasper Miller, who offered an earnest prayer which was heard with most profound respect, after which Miss Jessie Rotger sang in a highly accomplished manner, a solo which elicited loud applause. The young lady possesses a rare voice which has been well developed and a brilliant future awaits her if she continues as she has begun.

It is, of course, impossible to give anything like an adequate report of the brilliant address of the evening. Even if the words themselves were reproduced the eloquence of the speaker would be lacking so only a few scattered paragraphs will even be attempted as lack of space makes anything more impossible.

The speaker pleasantly remarked in beginning that he could prove any assertion he might make by three-quarters of a man, Capt. Chaplin, who had left the other quarter of his frame on the bloody field of Chickamauga. He then said in part:

When great crises arise Providence produces the men who are needed for the occasion. Eighteen hundred years ago in the little city of Bethlehem a Child was born to

the world unknown, but angels sang as he appeared and heavenly hosts announced peace on earth and good will toward men, and the echoes resounded around the world arousing the poor and humble, bidding them look up and see their Redeemer, who had come to free them from the bondage of sin. The broken hearted, the prisoner, the captive and the oppressed found sweet relief in the story of the Babe of Bethlehem and the children of men all were bidden look up and behold Him who had come to redeem them and bring them into the glorious liberty of the Son of Righteousness. He came because a lost world needed Him; he came when the children were oppressed and down trodden when vice and immorality predominated and needed a Deliverer; He fed the hungry; He healed the diseased; He raised the dead and preached the gospel to the poor and bade little children to come unto Him for of such was His kingdom. He came not in kingly glory as had been expected. The magi had read the stars; the recluses had studied the inscriptions on the rocks, but none foretold the meek and lowly One whose forerunner was the rugged John the Baptist.

Ninety-nine years ago in the state of Kentucky, in humble surroundings, without family prestige a babe was born. He grew to manhood without the advantages common to most children, and as the Baptist was the forerunner of the world's Redeemer, so I may, with all reverence, compare to him William Lloyd Garrison as the one who foretold the coming of the great Emancipator. He stands unequalled among his fellow men, and his name will ever be loved by a grateful country. He loved humanity better than he loved power and his country better than his life. He was a child of nature and inspiration from nature's God. When he entered the capital to assume the duties of his high office the nation should blush with shame at the thought that he had to go in secretly for fear of assassination. He was distrusted by his own cabinet and those who should have been his chief support shook their heads in doubt, yet he so inspired the country that after bitter defeat the land responded to his call with loud acclaim: "We're coming, Father Abraham, Six hundred thousand more!"

He was surrounded by circumstances of sadness so that from the day of his inauguration to his death his life was one constant Gethsemane and his cruel assassination which shocked the whole world can only be equalled by the death of the Divine One on Calvary. Sorrow and suffering entered great souls and such a lot was his. In affairs military his genius rose resplendent; his was the entire moving and guiding spirit of the army until the appointment of

Grant as lieutenant general in '64. In state craft he was unequalled for he wisely controlled affairs when defeat stared our armies in the face, and the governments of England and France were on the eve of acknowledging the Confederacy, while greater than all he so managed the discordant elements of his own land so that all at last labored together and victory was ours. In the last great day when the artist, the poet the sculptor, the statesman and the general will be found wanting he will appear with the record of a life's devotion to the cause of his country; of striking the shackles from 4,000,000 human beings; of laying his life on the altar of his country and he will receive the glad reward from his Maker, who will say, "Well done, good and faithful servant."

Veterans of the Civil war, I greet you to night with honor and respect. You went forth to battle for your country when all was dark and clouds overhung the national sky. You marched weary miles; you underwent hardships calculated to cause the stoutest soul to shrink; you faced the cannon's mouth and while your companions went down in death by your side, you bravely bore the flag aloft and wrested victory from defeat; with your bayonets you wrote the imperishable record of grand sublime devotion to your land. Your ranks are thinning day by day as one another answers the final summons of the Great Commander. You are approaching the dark river, while on the other side waiting to greet you are the comrades who have gone before and in their midst will be the great emancipator, with Logan by his side, and many more grand spirits who have gone on before. We are complimented by your presence and may a grateful country grant you the full need of honor.

The fine address closed with a grand poem "Flag of Our Country," after which a unanimous vote of thanks was tendered the eloquent speaker, and as the audience dispersed many pressed forward to congratulate the eloquent orator.

STATE NEWS

Operator Found in River.

A body found six miles north of Hannibal in the Mississippi river Wednesday afternoon has been identified as that of Joseph J. Noonan of Morrisonville, formerly of Springfield. He was last seen January 17 at Weaver, Iowa, when he resigned his position as telegraph operator, cashed a check for \$100 and boarded a train for his home to visit his parents. It seems that he checked his baggage to Hannibal, Mo., where it remained unclaimed until his body was found. He was to have left the train at Canton, Mo., and was seen on the same day there near the bank of the river in company with two strange men.

While coming in to Hannibal from a hunting excursion, William D. Dukes, an intimate friend of Noonan, saw the object in the water and upon drawing near it in his launch recognized it as Joe Noonan's body.

Though the body is badly decomposed and swollen it seemed more than possible he had met with foul play, as there were two depressions in the skull which look like the result of a blow from a small hammer.

His watch, which was missing, was recovered at Keokuk, Ia., through an advertisement. The man in possession of the watch claimed to have bought it from a stranger. He was placed under arrest to await an investigation. The watch was sent to his parents at Morrisonville.

Dennie and Grover Noonan of Morrisonville, brothers of the dead man, left yesterday for Hannibal to take charge of the remains, which will be brought to Morrisonville to day for burial. Noonan was the son of Mr. and Mrs. David Noonan of Morrisonville, where he was reared. He was well known in Springfield having been employed for several months by the Wabash in the division road master's office and by the C., H. & D. for several months.

STILL IN JAIL.

Champaign, April 10.—Prof Sherman Cass of Tolona, imprisoned in the Champaign county jail for whipping an unruly pupil too severely, has served the allotted six months' confinement provided by the old English debtor law in force in Illinois but seldom invoked. But he did not breathe the air of freedom to day, as expected. Mr. and Mrs. W. F. Burke, parents of the punished pupil, tendered \$3.15 to Sheriff Peters for another week's board and Cass was retained in custody. Cass may have to fight a legal battle before he is released.

MAYORS WILL MEET IN SPRINGFIELD

Municipal Officers Will Discuss Plans for Raising More Funds for Cities Now Taxed Their Limit.

Springfield is to have another convention, that of the mayors of Illinois cities, which was secured by Mayor Roy Reece, of that city, who went to Chicago Wednesday night to attend a meeting of the revenue committee of the Illinois mayors. The convention will be held Tuesday, May 5.

The mayors first were called together by Mayor Busse in Chicago, March 3. The plans were discussed at the meeting yesterday, arrangements were made which will be placed before the convention to be held in this city in May. It is also the purpose of the convention to attempt to get the legislature to pass a bill whereby more taxes may be raised by the cities.

The members of the revenue committee which met in Chicago yesterday are: Mayor Reece, Springfield; Mayor Silas Cook, East St. Louis; Mayor E. C. Finch, Aurora; Mayor Joseph E. Paden, Evanston; Mayor J. F. Edwards, Dixon; Mayor E. M. Davis, Streator; Mayor J. H. Best, Quincy; Mayor W. R. Patten, Charleston.

THE SILVER ANNIVERSARY.

As has been many times said by the Journal, the good ladies of the Women's Christian association excel in practical benevolent work. They visit the sick and needy, sift out the underserving and help those who are worthy. They also especially believe in helping people to help themselves and to this end for twenty-five years they have conducted a Friday afternoon sewing school or gathering where women of limited means may come, have a pleasant time, learn something useful and earn some money also. Friday of this week was the twenty-fifth anniversary of the founding of this branch of the work and the occasion was duly celebrated with a meeting at which were ten women who have met with the ladies of the W. C. A. the past winter. Rev. William Mitchell was present and conducted a beautiful religious service which was greatly enjoyed by all present, who were also greatly edified by the gentleman's excellent remarks, and the thrilling story he told of his own grand work among the Indians of the great northwest. Several young ladies of the Illinois college, Y. W. C. A. were present and furnished some excellent music and recitations, among the latter being Mrs. Wiggs' cabbage patch which was decidedly entertaining and greatly enjoyed.

At the close of the formal program the ten women were treated to an appetizing lunch served by five of the members of the W. C. A. and eaten with genuine relish and thus closed another fruitful year of work done by the noble women who are so literally obeying the commands of their divine master.

G. V. Skinner of This City Elected Vice President of Organization at Quincy Yesterday—Next Gathering Will Be at Rockford.

G. V. Skinner and William Anderson returned last night from Quincy, where they were delegates to the Illinois Association of Master Horse-shoers. They report the meetings the best ever held by the association and are much elated over the treatment accorded them in the Gen. City. Mr. Skinner was honored by being elected vice president of the association.

An elaborate banquet was served Thursday evening and was attended by over 200 guests. Short addresses were made by those present.

The toastmaster was C. H. Wilson, of Rockford and addresses were made by George Fischer, president of the Fischer Iron and Steel company, of Quincy; Hon. Campbell S. Hearn, representative of the Quincy district in the general assembly; Edward Butler, Jr., national president of the Horse-Shoers association, of St. Louis, and F. C. Edwards, state organizer of Peoria. Music was furnished by the Weiler orchestra.

G. V. Skinner.
(Elected Second Vice-President of Association.)

At the business session Rockford was chosen as the next meeting place and the following officers were elected:

The new laws desired were not made public.

On the last afternoon of the gathering, a parade took place headed by the city band and a platoon of city police. Messrs. Skinner and Anderson brought back with them a fine picture of the delegates, which was taken in front of the court house.

Vocum will have a hearing before Squire Henderson this morning at 9 o'clock.

ILLINOIS COLLEGE VS. HIGH SCHOOL

PRACTICE DUAL HELD FRIDAY AFTERNOON.

Both Teams Showed up Well, But Illinois College Carried off the Honors—List of Events and the Winners.

The practice dual meet between the high school and Illinois college was held Friday afternoon on the college campus. Illinois scored 45 1-3 points, and the high school 35 2-3 points. Several of the events had to be called off on account of the wet condition of the field, but the nine events which took place certainly revealed the fact that there was some first class material in each team.

As was stated, this was only a practice meet and was held solely to see what each team and individuals could do. Judging from the records made and the spirit with which each team entered the work, it looks as though both will be winners in their respective fields the coming season.

Among the new men who are showing up well for Illinois are Sykes, Smith, Crampton, and Potter, while Schofield, Widenham, Bancroft and Moxon bid fair to be point winners for the high school in the coming W. I. H. S. L. meet. The following are the events and winners:

220-yard dash—First, Weber, I. C.; second, Bancroft, H. S.; third, Turner, I. C.

**SAFELY THROUGH
MOTHERHOOD
WITHOUT PAIN.**

What a wonderful message of hope and escape from suffering these words carry to that woman who is dreading the hour that shall proclaim her motherhood. Perhaps for her it is the first time God has blessed her; with what awe and mystery and fear she contemplates the coming event which even now is causing its shadow before in the way of many painful disappointments. The hope held out in these words simply means that child-birth has been turned into an event of thanks giving, and joy, stripped of its agonies and dangers because of the learned skill of man.

**MOTHER'S
FRIEND**

Is the name of the remedy which means so much to the expectant mother; she can apply it herself and feel an improvement at once which but foretells the pain and suffering which it saves when childbirth takes place. The testimony of Mothers who have used it successfully will convince you; their words of praise are found in our book, "Motherhood." Send for it.

PLAY GIVEN BY STUDENTS OF
ILLINOIS COLLEGE

Large Audience Greet Stage Performers in Gymnasium—Female Characters Taken by Men Evoke Much Laughter—Proceeds for Athletic Association.

"The Cool Collegians," a farce in two acts, was presented Friday evening by the students of Illinois college in the college gymnasium. A very large audience was in attendance. The play was given as a benefit for the Athletic Association and proved a grand success and will add much in swelling the coffers of the Athletic association. The play was given excellent presentation and each member of the cast ably acted his part and the entertainment was much enjoyed by the audience. Because of the fact that the entire cast was made up of only men of the college, the female characters being taken by the men, made the play all the more amusing.

There are two acts in the play, one scene showing a typical college boy's room and the other a living room in a private residence. The stage settings were the best that have been seen at a college play in this city and was done by E. T. Clark. The make-up of the members of the cast were also excellent, that of the female characters being especially good. Between the acts several musical numbers by the Glee club and an orchestra were given and were much enjoyed. The play was managed by Prof. Randall of the college and to his efforts a great deal of the success is due. Several requests have been made to repeat the play and if this is done, no doubt it will be greeted by another large audience.

The following was the cast of characters:

Harry Meredith, a student—Marey Osborne.

Fred Parks, Harry's chum—Warren Case.

Mrs. Huntoon, Fred's aunt—Walter Frank.

Fanny Morrison, Fred's cousin—Ben Watson.

Molly Wainwright, friend of Fanny—Glen Fletcher.

Kate, servant of Mrs. Huntoon—Hugh Green.

Muggins, servant of Fred and Harry—John Butler.

Several other students who belong to the "bunch."

SOROSIS MEETING.

The regular meeting of the Sorosis club was held yesterday afternoon at the home of Mrs. E. C. Lambert on West State street. A large number of the members and friends of the club were present and all greatly enjoyed the meeting. A very profitable and interesting talk was made by Mrs. Julian Wadsworth. She took as her subject "Roman Life" and in well chosen words pictured the social side of the life in that great empire.

Rev. Julian Wadsworth also spoke to the club and in his speech told of the political and religious side of Roman life. Needless to say both talks were highly appreciated by the members and friends of the club who will remember this as one of the most profitable meetings of the year.

After the program an hour was spent socially, after which the meeting adjourned.

TEXAS TALKS

WHAT WILL 10 ACRES DO?
When Horace Greeley made his first trip to California, and was being shown the giant trees by a friend, he stopped to measure one that he might tell his New York friends of it. His friend insisted that he take the measure of one of the largest ones, and Greeley replied: "It will be hard to get them to believe this."

This is the way one feels when attempting to tell the farmer of the northern states what can be done on a ten-acre, irrigated farm in the arid belt of the gulf coast country of Texas.

On ten acres of land the following table shows what has been done. This is no more than an average crop, and can easily be repeated.

Flgs, 2 acres	\$ 600.00
Peaches, 1 acre	250.00
Bermuda onions, 3 a.	900.00
Peppers, 1 acre	500.00
Tomatoes, 1 acre	300.00
Grapes, 1 acre	300.00
Total	\$2,850.00

This leaves an acre of ground for house, etc. Suppose the crop on a portion of the above should be short, which seldom happens, because you don't have to depend on rain. The shortage can easily be made up, as any of the vegetables named above occupy the ground for a short time, and new crops can be planted. Besides, much of the ground in fruit can be planted to grain or vegetables.

SANTA RITA STARR COUNTY

Is adapted in every way to the production of fine fruit and vegetables, and is several weeks ahead of most of the gulf coast section in maturing its crops. Land can be bought there for a short time only at \$15 per acre, payable on very easy terms, without interest.

HELPFUL ADVICE

You won't tell your family doctor the whole story about your private illness--you are too modest. You need not be afraid to tell Mrs. Pinkham, at Lynn, Mass., the things you could not explain to the doctor. Your letter will be held in the strictest confidence. From her vast correspondence with sick women during the past thirty years she may have gained the very knowledge that will help your case. Such letters as the following, from grateful women, establish beyond a doubt the power of

to conquer all female diseases. Mrs. Norman R. Barndt, of Allentown, Pa., writes:

"Ever since I was sixteen years of age I had suffered from an organic derangement, and female weakness; in consequence I had dreadful headaches and was extremely nervous. My physician said I must go through an operation to get well. A friend told me about Lydia E. Pinkham's Vegetable Compound, and I took it and wrote you for advice, following your directions carefully, and thanks to you I am today a well woman, and I am telling all my friends of my experience."

FACTS FOR SICK WOMEN.
For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, nervous prostration,

42 YEARS

Still Gives Satisfaction

The ills peculiar to women, take different forms. Some ladies suffer, every month, from dark rings round their eyes, blotches on their skin and tired feeling. Others suffer agonies of pain, that words can hardly express. Whatever the symptoms, remember there is one medicine that will go beyond mere symptoms, and act on the cause of their troubles, the weakened womanly organs.

Wine of Cardui

Mrs. M. C. Austin, of Memphis, Tenn., writes: "For five (5) years I suffered with every symptom of female disease, but after using the well-known Cardui Home Treatment, I was entirely well."

Chicago Grain Market.
(By Associated Press.)
Chicago, April 10.—Wheat—Market strong nearly all day, although at times prices reacted considerably on profit taking sales. The principal bullish influence was numerous reports which told of damage in western Kansas and Nebraska by drought. Material decrease in primary movement, however, was another important factor. Total arrivals to day, 231,000 bushels, against 688,000 the same day last year.

Corn—Sentiment bullish because of continued small movement. Trade was light, however, owing to scarcity of offerings. Unsettled weather in the corn belt was an aid to bulls.

Oats—Strong, but trade was small. The chief bullish factor was strength of wheat and corn, although the market was also affected by reports of dry weather in portions of the southwest.

PROF. S. H. CLARK A GREAT READER

Gave a Fine Dramatic Presentation of "Ulysses" Before an Enthusiastic Audience at Grace M. E. Church Last Night—Under Auspices of Woman's Club.

An enthusiastic audience gathered at Grace M. E. church Friday evening to hear Prof. S. H. Clark, the reader, who gave "Ulysses," by Stephen Phillips, under the auspices of the Woman's Club.

The first part of the meeting was given over to a short business session and preceding the speaker, William Phillips sang, most effectively, "Honor and Arm," by Handel, and "When Stars Are in Quiet Skies," by Speaks.

Mrs. Heim, president of the club, in a most fitting manner, introduced Prof. Clark and he was received with loud applause. Prof. Clark is head of the oratory department of the University of Chicago, and came highly recommended. Prof. Clark gave as a reading "Ulysses" and from his first appearance charmed his audience. He possesses a voice that is simply wonderful in versatility. His intellectual understanding of the play coupled with his power of expression, and magnetic interpretation of the different characters was captivating and the entire execution of the subject readily placed the performer above the most adverse dramatic criticism. His portrayal of the part where Ulysses goes through Hades was especially well given and it was with regret when Prof. Clark left the platform.

It was through the education committee of the Woman's club, of which Mrs. J. N. Ward is chairman that Prof. Clark was secured for an evening's entertainment and he will surely carry back with him to the university the highest appreciation of those whose good fortune it was to hear him.

MORTUARY

Miller.

Mrs. Jane Miller passed away Friday morning at 4:20 o'clock at the residence of her son, J. W. Miller, 800 South Main street, after an illness of over a month's duration. Mrs. Miller had been a sufferer for some time from chronic heart disease, which, together with other ailments, made it necessary to bring her to this city, where she could have the kind attention of her sons and be under the care of a physician, but she had finished her work in this world and so was summoned to that home beyond.

Mrs. Miller was 73 years of age, having been born July 3, 1834, in Linlithgowshire, Scotland. She accompanied her parents to this country when but a young girl and settled in Morgan county, where she has since resided. She was united in marriage to William B. Miller Dec. 1, 1859, and to this union were born four children, J. Marshall Miller and James W. Miller, both of this city. Mrs. Margaret E. Dye of Davenport, Okla., and Mrs. Mary J. Keplinger of Franklin, all of whom survive her. Her husband preceded her in death June 29, 1905. One sister, Mrs. Elizabeth Winchester of this city, and seventeen grandchildren also survive her. Her brother, John Marshall, died several years ago.

Mr. and Mrs. Miller have made this county their home all during their married life, and in 1866 settled in the old Miller homestead, three miles north of this city, which for the past forty-two years has been the family residence.

Her life was that of a devout Christian and that she was prepared to be summoned home was shown by her parting words to her children who had gathered about her bed. When asked if she realized her condition, said, "Yes, I am ready and willing, for I know my Savior stands ready to accompany me through the dark valley and I have no fear."

She, united with the church at an early date, joining the Old School

Presbyterian church in this city under the pastorate of Rev. John H. Brown, D. D., and was always active in the works of the church. At the time of the dissolution of the Central Presbyterian church she became a member of Westminster church. She was a woman possessed with a loving disposition and was loved and admired by all who knew her.

Funeral services will be held at the residence of James W. Miller of 800 South Main street, Sunday afternoon at 2:30 o'clock, in charge of Dr. Leonidas Davis, pastor of Westminster church. Interment will take place in Diamond Grove cemetery.

SHERIFF MAKES SECOND ARRESTS

Parties Who Were Arrested for Selling Liquor in Local Option Territory Will Answer the Charge of Keeping Open a Place of Public Nuisance.

Following close upon the arrests made Thursday by Sheriff Graff and his deputies another net was pulled in yesterday, which included August Graubner, James Rabbitt, James Kelly, George Ferreira and John Konrad. Warrants had been issued before for selling liquor in anti-saloon territory and now Messrs. Graubner, Kelly, Rabbitt and Ferreira will in addition to the above charge will have to answer for keeping open a place of public nuisance.

When the warrant was issued for John Kelly, he could not be found and Sheriff Graff thinking he had gone to Springfield called up the sheriff of the capital city. He was informed by the sheriff there that Kelly was coming over to see him to answer for a charge he had against him, so Sheriff Graff just issued an order to hold him, which command was obeyed. Deputy Stice went to Springfield and brought him back last night.

The men all gave bond of \$200 and will have their trial in the April term of court. The arrests were made on information filed by State's Attorney B. H. Van Winkle.
